

SOUTHERN STONE COUNTY FIRE PROTECTION DISTRICT

March 03, 2008

Dear 2008 FFAM Convention Attendees,

Southern Stone County Fire Protection District is very pleased to be hosting the 2008 FFAM Convention in April. The members of the Convention Committee have been working very hard to ensure their fellow members and guests have a wonderful and memorable convention.

There are a lot of new departments that are going to be attending this year and we look forward to building new relationships and increasing membership, as well as renewing old friendships.

We hope you will enjoy all of the events we have planned and encourage you to make your reservations early.

Sincerely,

Charlie Neubert, Chief
Southern Stone County Fire Protection District
